ABUS Diskus 24IB/60 disc lock. The 24 is made from all non-corroding components, and is designed for extreme weather conditions. These locks come with 100% stainless steel protection; the shackle, lock body and internal components are all made of high quality stainless steel. This lock has a key retaining feature that prevents removing the key while the padlock is locked. The round lock body protects the shackle which makes the disc lock extremely hard to defeat.		45.38 ? 53.19 ? 79.28 ?
